F124

F124 takes Funktion-One's bass loading and driver technology to the next level.

Two voice coils and intense magnetic flux control the 24" cone with impressive accuracy, ensuring excellent transient response and extended depth to below 30Hz.

This combination of mid-bass speed and impact with low-bass extension from a single enclosure, makes F124 the perfect bass partner for Evolution systems and other Funktion-One mid-high products.

Ideal for any application requiring large scale bass reinforcement. Equally suited to large mono bass stacks and broadside arrays, both conventional and cardioid.

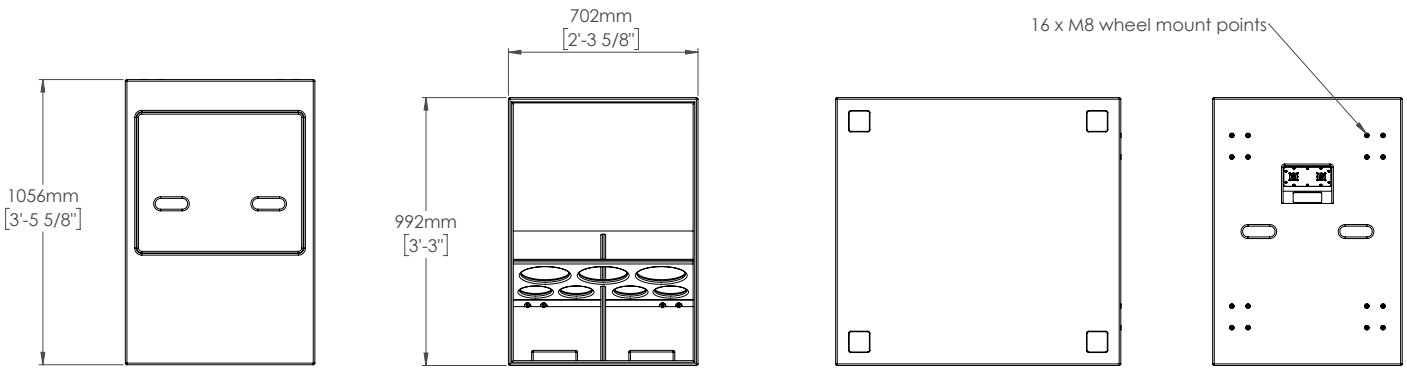

Features:
- Funktion-One designed dual voice coil 24" driver
- FEA-optimised Neodymium magnet
- Integral handles
- Optional wheels
- Low centre of gravity for easy handling
- Locator feet & recesses for secure stacking
- Available in ultra durable black PU coating or classic Funktion-One paint finish
- Dual voice coils connected to NL4 1+/1- and 2+/2-

Frequency Response (-3dB):	35Hz - 160Hz
Weight:	103kg (227lbs)
Nominal Dispersion:	Array Dependent
Connectors:	2 x Neutrik NL4

Driver	Crossover Frequencies	Sensitivity (at 1m)*	Power (AES)	Nominal Impedance
24"	20Hz - 85Hz	104dB at 2V	2 x 750W	2 x 8Ω

*Measured in half space
