

IB218

The patented Infrabass 218 (IB218) is a bass loudspeaker enclosure covering the octave from 30Hz to 60Hz. It delivers smooth, deep bass for a powerful sonic experience.

It's proficiency through the lowest bass octave can be used to extend the bass delivery of any Funktion-One system. Due to the very large current requirements of extreme low frequencies, only amplifiers with high calibre power supplies will realise the full potential of this product. The optional Double Infrahorn, can provide significant additional loading for a pair of IB218 in applications with extreme bass requirements.
